

Field Instruments & CONTROLS, INC

Ridgefield, WA 360-896-9910 - Spokane, WA 509-466-8226

www.fieldinstruments.com

Providing the Finest Process Measurement Equipment in The World

Endress+Hauser

People for Process Automation

Flow / Level / Pressure / Temperature / Analytical Systems / Sanitary Instrumentation

Flow: Mag Meters, Coriolis, Vortex, Thermal Mass (liquids, gas), Ultrasonic, Open Channel.

Level: Radar (non-contact, guided wave), Ultrasonic, Hydrostatic, Submersible, Capacitive, Vibronic Switches.

Pressure: Differential, Gauge, Absolute Transmitters with Metallic, Ceramic or Remote Diaphragm Seals.

Temperature: RTD and Thermocouple Sensors with Transmitters.

Analytical Systems: Universal Transmitters for pH, ORP, Optical DO, Conductivity, Turbidity, Chlorine.

SpectraSensors / Raman Spectroscopy gas analysis.

www.endress.com

Ethernet/IP communications - Rockwell Encompassed Partner

Weighing Instruments, Load cells & platform scales, PLC weighing modules, Check weighing, Unique features such as C2 calibration (weightless calibration), WaverSaver, Integrated Technician diagnostics.

www.hardysolutions.com

Ethernet/IP communications - Rockwell Encompassed Partner

Gas Detection Systems, Alarm panels & controllers, Wireless gas detection systems, Calibration accessories.

www.draeger.com

Mass Flow Controllers & Variable Area Flowmeters, Mass flow controllers & meters, Glass & Metal Variable area flowmeters (Rotameters), Semiconductor products Ultra-high purity products for the semiconductor industry, Vaporization products, Pressure & vacuum products.

www.brooksinstrument.com

Magnetic Level Gauges, Jogler, LLC is a Baton Rouge, Louisiana manufacturer of high quality Magnetic Level Gauges, Magnetostrictive Transmitters, Direct-Reading Level Gauges with armored shield, Sight Flow Indicators, Point Level Switches, and other accessories.

www.jogler.com

IR Non-contact Moisture Gauges, Moisture gauges for Food & Bulk material processing, Film Extrusion & Converting, Cable, Tube wall thickness. Accurate laser measuring of length & speed.

www.ndc.com

Pressure & Temperature Switches, Wireless Gas Detection, Safety Switches, Mechanical pressure & temperature switches, Digital pressure & temperature switches, 2 & 4 wire digital pressure & temperature switches, Wireless HART gas detection, SIL3 rated pressure & temperature switches.

www.ueonline.com

Thermal Flow Meters for Monitoring Dry & Wet Gas Environments, Portable Flowmeters, Insertion, In-Line, Multipoint & Portable Flow Meters, Monitoring and Measuring Industrial Gas Flows for Stacks, Ducts, Flares, Emissions, Biogas, Chemical Processes, Condensing Gases, and Pressurized Gases.

www.kurzstruments.com

Multifunctional Isolators & Intrinsically Safe Barriers, Signal splitters, Puck/DIN rail/field mount temperature transmitters, Displays, Digital communication, signal isolation, loop powered, 4-20 repeater, HART transparent. Absolute best signal isolation & conditioning products on the market, period! Value & quality is unsurpassed.

www.prelectronics.com

Multi-Functional Calibrators & Pumps, Pressure-controller, Automated pressure calibrator, Digital pressure gauges, Digital pressure calibrators, Process calibrators, Hand pump and comparison test pump, Pressure hoses/adapters/fittings.

www.additel.com

Field Instruments & CONTROLS, INC

Ridgefield, WA 360-896-9910 - Spokane, WA 509-466-8226

www.fieldinstruments.com

Providing the Finest Process Measurement Equipment in The World

Autodialers, RACO offers a complete line of high-quality, reliable remote communications systems for monitoring, alarm notification and data logging applications. Additionally, RACO offers systems with the ability to run SCADA, PLC annunciation and process control applications.

www.racom.com

Process & Industrial Pressure Gauges/Switches/Transducers, Diaphragm Seal Assemblies, temperature assemblies and switches, low pressure differential pressure, OEM pressure transducers, Test measurement equipment

www.ashcroft.com

Inline Process Refractometers, Food, Pharma, and Semiconductor. Design and manufacturing of inline optical liquid concentration monitors based on refractive index.

www.kxstechnologies.com

Non-Contact Gamma Nuclear Scales & Density Gauges / Alarm Panels & Annunciators continuous level, interface level/density, continuous weight measurement, point level, density mass flow. Annunciators, event recorders, fault recorders.

www.ronan.com

Sensors, Cabling, Identification Systems, Sensors, position, rotary, flow, pressure, level. Connectivity, cordsets and receptacles, splitters, junction boxes, field wireable connectors, bulk cable, inductive coupling. Identification systems. Fieldbus technology. Interface technology. Industrial controls. Power Supplies.

www.turck.us/en

RTD and Thermocouple Assemblies, Diaphragm Seals Repair & Replace, Pressure and temperature gauges, Sanitary temperature and pressure gauges, Diaphragm repair and replacement, Custom temperature sensor, bi-metal thermometer, pressure gauge assemblies, compost thermometers.

www.reotemp.com

Temperature Assemblies, RTD and thermocouple assemblies, Thermocouple wire, Thermowells, Hand held pyrometers.

www.pyromation.com

Analytical Sensors & Transmitters, Optical dissolved oxygen/Suspended solids/pH/ORP Continuous sensors, Single and dual channel transmitters, Optical dissolved oxygen/suspended solids portable systems.

Unique DO sensor has zero consumable components & never needs recalibration.

www.insiteig.com

Analytical Sensors & Transmitters, Turbidity portable/online, Chlorine portable/online, pH, Conductivity, Dissolved oxygen, Dissolved ozone, UV transmission Portable/online, Streaming current.

www.hfscientific.com

Non-Nuclear Process Control Meters for Slurry & Dry Bulk, From mining and oil & gas to dry bulk, water, and beyond - Red Meters Process Control Systems are engineered to perform in a wide range of industrial environments.

www.redmeters.com

High Performance Dust & Gas Analyzer based on (TDLAS) Tunable Diode Laser Absorption Spectroscopy, In-situ measurements, No interference from background gases, Multi-component analyzer, Fast response time, Continuous internal health check, Low detection limits.

Providing the Finest Process Measurement Equipment in The World

Calibrators / Current Leakage Detection, manufacturer of handheld Process Calibrators for Milliamp, Thermocouple, RTD, Frequency, Voltage & Pressure.

www.piecal.com

Wastewater Microwave Based Solids Measurement, Total Solids Measurement TS, Low Solids Measurement LS, Dry Solids Measurement DS, High Solids Measurement HS, Sludge Dewatering Optimizer Valmet SDO.

www.valmet.com/more-industries/water-and-wastewater

Solenoids, Burkert offers a complete line of solenoids, pneumatics, angle seat valves, sanitary diagram valves, paddle wheel flowmeters, pneumatic solenoid manifolds with digital communication eg. Ethernet/IP, thermal mass flowmeters and controllers, pH and conductivity sensors and transmitters, universal controllers, digital valve positioners, sanitary inline ultrasonic flowmeters.

www.burkert.com

Panel Meters, Pump controllers, Batch controllers, PID controllers, Large display boards, Line powered & loop powered displays plus totalizers, All meters are UL approved.

www.predig.com

Pressure Regulators & Current to Pressure (I to P) Transducers, Fairchild pneumatic regulators are available as: precision, back pressure, miniature, filter service, stainless steel, motorized, low pressure and specialty Current to pressure transducers XP field mount/DIN rail mount, Auto-drain air filters, Boosters & relays.

www.fairchildproducts.com

Wastewater & Water Flowmeters for Partially Filled Pipes & Special Channel Flow Applications, Multipoint Insertion Magmeters, Open Channel, Irrigation Canals, Flow Discharge Monitoring.

www.flow-tronic.com

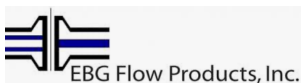

IR Temperature Sensors, Wide range of on-line fixed sensors for immediate and continuous temperature measurement and control in industrial processes. With a variety of special features, accessories and software options available, our technical experts can help match you with the best sensor for your application.

www.processsensorsir.com

Power Supplies, Leader of DIN rail mount power supplies. Single-phase, Three-phase, DC/DC converters, IP54 IP65 and IP67 power supplies. Power supplies with IO-link port. AS-Interface power supplies. DeviceNet power supplies. Power supplies with conformal coating. DC-UPS buffer and battery modules. Redundancy modules.

www.pulspower.com

Orifice Plate Flowmeters & Accessories, Orifice flange unions (Raised face/RTJ), Paddle & Universal type orifice plates, Orifice meter tube assemblies, Venturi assemblies, Straightening vanes, Condensate chambers (Seal pots).

www.ebgflow.com

HART Communicators / HART Apple & Android Software / HART Comm Accessories, HART/Profibus PA/ Foundation Fieldbus Modems, Ethernet-APL Switches, HART to APL Adapters, Software for Windows/Apple/Android Devices, Tablet & Rugged PC Communicators, Hardware Adapters.

Ridgefield, WA 360-896-9910 - Spokane, WA 509-466-8226

www.fieldinstruments.com

Providing the Finest Process Measurement Equipment in The World

Valve Assemblies - Actuators - Positioners

Globe, Rotary Plug, Segmented Ball Valves, Steam conditioning valves, PTFE/PFA lined globe and rotary valves, Self operated and pilot back pressure regulators, Aseptic valves, Hygienic angle valves. Digital positioners.

www.samsoncontrols.com

Electraulic Valve Actuators, Electraulic™ Actuation is a brand of electro-hydraulic actuation unique to REXA. It combines the simplicity of electric operation, the power of hydraulics, the reliability of solid state electronics, and the flexibility of user-configured control.

www.rexa.com

Knife Gate, Butterfly, Gate, Plug Valves. Elite Valve is a Canadian-owned valve manufacturer, recognized for delivering engineered valve solutions to address the critical needs of specific applications for the Mining & Mineral Processing, Pulp & Paper, Wastewater, Chemical, Power Generation industries.

www.elitevalve.com

Sliding gate valves, Globe valves, Pinch valves, Sanitary valves, Angle port valves, On/off valves, Electric & pneumatic actuators, Positioners.

www.schubertsalzerinc.com

Flanged & Threaded ball, Multi-port, V-Port, on/off & control valves, Rack & Pinion pneumatic actuators, Electric actuators.

www.m-zcontrols.com

Pneumatic & Electric Actuators, Butterfly & Ball Valves, Rack & Pinion/Scotch Yoke/Manual operators, Actuator accessories, Resilient seated/High performance/Triple offset Butterfly valves, Floating/Trunion/Multi-port/Segmented V-ball Quarter turn valves.

www.maxairtech.com

Flanged & Threaded ball, Multi-port, V-Port, on/off & control valves, Butterfly valves, Sanitary valves, Rack & pinion pneumatic actuators, Electric actuators, Heavy duty scotch yoke actuators, Floor mounted damper drives & FM approved natural gas safety valves.

www.a-tcontrols.com

Valve Positioners & Accessories, Pneumatic/electro-pneumatic/digital positioners to retrofit any valve, Brackets, Regulators and gauges.

www.vacaccessories.com

Remanufactured Control Valves, Industrial Instrument Company was founded in 1971 by Gordon Martin. We are one of the oldest companies of our type in the nation, and one of the pioneers of the Remanufactured Control valve and instrument business on the Texas Coast.

Rotork YTC YT-3300 Smart Positioners intrinsically safe type, Auto calibration, auto/manual switch, HART communication, LCD display, PID control, 4 buttons for local control, feedback signal, limit switch.
